# AAESS

June 20-25, 2010  
Week 10

Dear Parents of Nursery T,

Our transportation theme has now led us to water, so we will be discussing all types of boats, how they are powered, and what they are used for. It is time to take down our rocket ship and build a boat for our budding pirates. We have been practicing our pirate song and will be making pirate hats for our school year end assembly, which is being held on the last day of school. Parents are welcome to attend, details to follow.

We have said good bye already to Ramy, Yara, and Mohammed (Curly, now Spikey) who have all left early for the summer but we will see them again next year in Reception. If you are going to take your child out of school before June 30th, please let us know so we can plan accordingly. Each child will be receiving their "Learning Story" which is a scrap book with a collection of photos and school work from the past year.

## **Some reminders of future dates:**

**June 30th** --Last day of school. Whole Primary School Assembly, early dismissal at noon.

Please continue to follow along our **monthly calendar** for your child's Show and Tell day and PE days. Library is now finished for the year. If you have a Library book outstanding, please send it in as soon as possible.

**Again, please ensure that your child has a hat and water bottle every day, and also a freezer pack in their lunch bag to keep their milk and yogurt cold.**

Less than two weeks to go!

Warm Regards,  
Miss Carolyn and Miss Miranda
