AAESS

Dear Parent/Guardian,

Your son/daughter has completed exactly half of Year 11 therefore I have produced for you a summary sheet of their academic performance so far.

Your son/daughter will receive a more accurate account in their report cards which you will receive on February 16th after they have completed their mock exams from January 22nd to 26th (A provisional copy of the Mock Exam Timetable is included with more details to follow in January). This will be followed by a Year 11 Parents evening on March 14th which will be an excellent and timely opportunity to speak to subject teachers before study leave starts on April 30th.

IGCSE examinations will take place between May 7th and June 27th 2012. Your son/daughter will receive details on important exam information from the school after the winter holiday – information such as subject entries, candidate numbers, timetables and fee information – so there is no action require by you at the moment.

The summary sheet included shows what grade your child received at the end of Year 10; followed by a Yellis Grade (Yellis tests completed last year predict what grade they should achieve for each subject they have chosen). Finally it shows their predicted grades for the end of Year 11 based on current performance. It is therefore very important for you to discus these grades with you son/daughter, especially if they are predicted less than a C as this is not considered an IGCSE pass.

Also included is some information about attendance and lateness which is very important and may need to be improved. Finally there is some information about academic referral forms. These forms identify issues that have taken place in lessons and may need to be addressed to improve performance.

You son/daughter will also have received an Option Choice Letter for 6th Form. Please return these as soon as possible to their form tutors or Miss Harte, Head of 6th Form. There will be an Options evening meeting on the same evening as the parents evening which is on Wednesday March 14th to discuss any issues and to gain more information.

If you have any issues or concerns that the school can help you with in regards to any of the information provided in this summary then please do not hesitate to contact me via my email address and I will endeavour to support you in any way I can to ensure your child achieves the best results possible.

Wishing you a safe and happy winter break.

Regards,

Mr N Rowley
Head of Key Stage 4
