

Date 26th June 2008

Dear Parents,

The Al Ain Education Zone and the Ministry of Education in Abu Dhabi have been looking at and investigating all the requests for a fee increase from the Schools in Al Ain.

The process required that the School produce a dossier of information that showed developments within the School.

This document detailed the physical developments within the School grounds but also the educational developments and processes that are followed.

The Al Ain Education Zone sent a team of specialists to ensure that the report could be substantiated with documentation and supporting evidence.

Obviously this is not a quick process and the Ministry of Education and the Al Ain Education Zone take this responsibility very seriously.

The fee increase for Al Ain English Speaking School has been agreed at 20%, therefore the new fee table is:

Fees For Academic Year 2008-2009				
Class	1st Term	2nd Term	3rd Term	Total
	AED	AED	AED	AED
